## Game Drive no 204 by Neil and Morag Hulett unit 45

Hi, Everyone,

Monday 10 am, Beautiful morning to start the week, of course down to the lion kill and once more enjoy some great viewing, the cubs in particular are very active in the cool morning, and there a couple of males there this am as well, eventually make our way home.

This evening a repeat of this am, joining the Ryan's and Makare's and friends, Louis & Candy for some more great viewing.

Tuesday 11 am, We are away till tomorrow afternoon spending the night at Satara, friends are with us. On the way out through ON, spotted a leopard, just before the gate, great.

Wednesday 12, Another outstanding day in the park, we drove the Managa 4x4 trail, the Kruger has some special area's and this is one of them.

Thursday 13 am, Starts out beautiful but then an unpleasant wind comes through from the south so we are soon home, but besides plenty of impala, @ hide, jackal plains, the 4 pylons, and around rhino and sable, we find 2 rhino on the zozo hut road and then on the loop opposite Ian's pan, now named "Ian's Loop", we find 2 of the male lions, they move off into thick bush and we move for home.

Friday 14 am, A very quiet morning, impala but very little else. Don't drive evening.

Saturday 15 am, Morning starts off great weather wise but then it clouds over and turns miz, other than a few impala, 3 elephant along the e/e road, home early.

Sunday 16, Overcast day, will include some shots of the lion, on the buff kill, thats the lot, you all take care now,
